If you have decided to write an analysis essay:

- Essay must be 3-4 pages in length
- Double spaced, 1" margins, 12 point font is required
- No title page
- Must correctly quote and cite song (look in Language books, or good ol' Google for this information)
- Have an interesting introduction and an effective conclusion
- Must meet all of the requirements for the original project
- You do NOT need to play the song to the class, but a copy of your lyrics should be stapled to your completed essay (and will not count towards your page requirement).
